Therapy for your spine

Sleeping Pillows

BACK AND SIDE SLEEPING THERAPY

By properly supporting your upper back, neck and head, the Therapeutica® Sleeping Pillow maintains the natural curvature of your spine while you're sleeping on your back or on your side.

1. Unique 'Wedge Extension' supports your upper back.
2. 'Cervical Contour' maintains the natural curve of your neck.
3. 'Center Cavity' cradles head for optimal support and comfort.
4. 'Raised Side Sections' accommodate shoulder height.
5. 'Contoured Head Rests' keep your head and neck level.
6. 'Side Cavities' provide flexible cushioning, ensuring jaw comfort, essential for TMJ sufferers.

THE RIGHT SLEEP

Few things in life are more important for your health than a good night's sleep every night. The two most important qualities for restful sleep are **COMFORT** and **CORRECT SPINAL ALIGNMENT**.

SPECIAL FEATURES

- * With a unique Tri-Level Design, two correct pillow shapes are incorporated into one pillow, giving you different support for back and side sleeping.
- * Designed to help reduce snoring by keeping critical air passages open while you're sleeping on your back.
- * 'Raised Side Sections' help eliminate back, neck and shoulder pains providing correct spinal alignment.
- * 'Surface Channels' provide air circulation for added sleeping comfort.
- * Non-allergenic environmentally friendly, soft, molded foam.
- * 5-Year Warranty to retain shape and resilience.
- * Comes with a free fitted cotton/polyester washable zippered pillow cover.

Spinal Support

Supportive fiberglass form surrounded by soft molded foam

Features of the Therapeutica® Spinal Support
